CONTACT INFORMATION	
Faculty Advisor's Name:	Faculty Advisor's Email (must be .edu address):
Faculty Advisor's Title/Department:	Faculty Advisor's Phone:

I represent that the above information is true and is given to qualify for a team discount for the applicant for the entirety of the current competition season. I understand that it is the team's responsibility to update info for each new season. Furthermore, I understand that Corsa Technic LLC shall not be responsible for delays in processing discounts if the information provided during the order process does not match the application on file.

In signing below, I agree that the school listed above has allowed me to represent them in the completion of this application and that I have read and agree to all terms and conditions stated on pages 2-3 of this application. I understand that once approved, this application will stand as a contractual agreement between the school/team and Corsa Technic, LLC and my school/team will be responsible for all terms outlined in order to continue receiving sponsorship.

General Terms and Conditions

- We consider our education team discount program a type of sponsorship for any team that orders from us. Although it is not a traditional sponsorship donation, **we do ask that our logo be displayed somewhere on your vehicle or on a displayed banner in exchange for the discount we offer.** We will provide your team with stickers in your shipment and will also send our logo in electronic format for teams that prefer to make your own vinyl stickers if needed.
- Although most items in our catalog AND special order items will qualify for the Corsa Technic education team discount, we reserve the right to use our discretion when it comes to whether or not specific items are included in the program. You will be notified before your order is processed if it includes items that do not qualify for the discount, in order to allow you to remove said item from the order if you choose to do so.
- It is the team's responsibility to ensure an updated application is on file with Corsa Technic for each season. Corsa Technic is not responsible for delays in processing orders and/or refunds because of outdated or incorrect information on file. It is recommended that the team sends in a new application at the beginning of each new season to reflect the most current information.
- Orders placed by individuals NOT listed as "Authorized Purchasers" for the team will NOT qualify for Corsa Technic's education team discount. Changes to the list of individuals will require a new application (and new approval) before a discount will be approved.
- Corsa Technic sends invoices electronically unless otherwise requested. Paper invoices will be included with the shipment, but may not reflect the discount if the order is processed via the website (see "How to Place Orders" on page 3).
- Corsa Technic reserves the right to discontinue or change the terms of the education team discount program (including but not limited to the discount percentage and inclusion of specific catalog items) at any time, without notification. Each order will be subject to the terms of the program as of the date the order is processed, and it is the team's responsibility to remain knowledgeable about said terms. The most current education team discount information will always be available on the website: <https://www.corsa-technic.com/education>. Any additional questions should be sent to sales@corsa-technic.com before placing the order.
- In addition to our standard education team discount, we are always happy to work with your team to provide additional marketing material (i.e. Corsa Technic banners, extra business cards/stickers, etc.) if requested.
- We would love to "friend" you on social media so we can see your team's progress throughout the season, although this is not mandatory in order to receive the discount. Corsa Technic is proud to be a partner to schools participating competition builds and truly enjoys watching your project take shape, and we look forward to being a resource for your team at any point in the process.

How to Place Orders

Once your application is approved, you will be able to place as many orders as you like during the season. All qualifying orders will receive the current Corsa Technic education team discount. Any person listed on the application may place an order one of two ways:

1. WEBSITE

***The fastest way to get your merchandise is to place the order via the Corsa Technic website and have the discount applied afterwards. This allows you to order at any time and ensures the order will be processed and shipped ASAP.*

- A. Fill your shopping cart on the Corsa Technic website: www.Corsa-Technic.com
- B. During checkout, leave a comment that you are “with the _____ team” so that Corsa Technic employees will know to verify the order/apply the discount. Note that you will be placing the order online for stock items, so the payment for full priced merchandise will be required up front.
- C. Orders will ship per standard Corsa Technic policy – typically within 1-2 business days.
- D. The discount will be refunded to the original method of payment as soon as the account information can be verified (usually within a few days of your order, but can vary based on your funding method and financial institutions).
- E. A “credit memo” invoice (reflecting the discount applied) will be emailed to the address on your application/order when the refund is processed.

2. VIA EMAIL

***If you prefer to have the discount applied before payment is processed, the order must be placed with a Corsa Technic representative directly. In most cases, this takes 1-3 days to finalize, based on our availability to answer your emails and the quickness of your team’s responses.*

- A. Send the list of items you want to order to sales@corsa-technic.com. Be sure to include prices from the website, sizes, colors and quantities - unless it is a special order and you do not have pricing yet. It is recommended that you fill an online shopping cart on the site and send a screenshot of the cart, since it will include all necessary information and help to avoid delays because of emails back and forth to clarify what you need.
- B. A Corsa Technic representative will review your email and correspond with the team representative to collect any additional information we may need. The application will also be verified to ensure the order will qualify for the Corsa Technic education team discount.
- C. When all necessary information is verified/collected, the Corsa Technic representative will send you a discount code to apply the specific discount amount in your shopping cart (like a gift card). You can then check out using the website with the discount applied. Alternately, you can provide the Corsa Technic representative with card info/Paypal email and they can enter the order on your behalf.
- D. Orders will ship as soon as payment is received – typically within 1-2 business days.
